

BEYOND EXPECTATION

INTERNATIONAL CATALOGUE

Established in 1999, MCC 4X4 has been a major 4WD equipment manufacturer and distributor for over a decade. MCC's 4WD products are renowned, loved and operated by 4WD enthusiasts globally.

MCC offers a comprehensive range of accessories and equipment to suit almost every 4x4 vehicle. Our wide product range offers customers the choice of accessories such as Bull Bars, Nudge bars, Rear Bars, Wheel Carriers, Side Steps and Rails, Roof Racks, Draws System, Recovery Kits, camping gear and etcetera.

MCC's experience and technical expertise in manufacturing 4WD accessories enables us to supply our customers with a wide variety of products which will improve the vehicle's appearance, performance and functionality.

ABOUT MCC4X4

Since we have manufactured and distributed our products both locally and overseas, we therefore understand the varying requirements toward 4WD equipment. To be accepted by worldwide customers, MCC endeavours to continue development of new innovative products which are of superior quality and design and will ultimately enhance the 4WD's performance. We love our four wheel-driving just like you do, so we strive to make the most out of it by providing our customers with the finest quality 4WD equipment.

At MCC we believe in offering our customers the widest possible range of products and assisting them to make tailored decisions for their vehicle's specific requirements. So you can rest assured in the confidence that you have got everything you need from our factory. We can guarantee that you will be left satisfied from the experience of purchasing directly from MCC and possess total confidence in our products; everything we manufacture has been thoroughly tested and proven under the most extreme of conditions. We also provide nationwide warranty support as part of our dedicated customer service mandate.

MCC Industrial New has set up their Australia national office, showrooms and warehouse,

“MCC 4X4 ACCESSORIES PTY LTD”

To assist distributors and retail customers with pre and after sales back up, advise and spare parts. It also allows MCC manufacturing to have direct contact with Australian 4x4 workshops and 4x4 enthusiasts. So we can meet the requirements of Australian 4x4 owners, and develop new products for 4x4 vehicles, enable us to handle Australians always changing landscape and demanding on and off road conditions.

For the past 30 years MCC have been manufacturing and supplying automotive components worldwide. We have been producing bull bars and 4x4 accessories for the over decades for an array of 4WD companies in Australia and exporting to over 30 other countries. While not always being under the MCC name, our bars have seen it all, from the High country to the Kimberly and some amazing trip to the Cape. Through scrub, sand and mud our bars have the safety and quality that Australian's demand.

MCC4X4 ACCESSORIES PTY LTD THOMASTOWN, AUSTRALIA

We proudly manufacture our products in Thailand in our solely owned manufacturing facility, to the highest quality assurance the world has to offer. As you may not be aware the majority of 4wd vehicles are manufactured in Thailand, this gives our factory direct access to vehicle for development of new and innovative 4x4 products for the Australian and world markets. We can guarantee the quality and durability of our products, due to the fact that our modern manufacturing plant and skilled technicians are among the best within the

automotive production and manufacturing industry.

Safety is our number one priority; let's face it, why wouldn't it be. Our bars are independently tested to ensure they are ADR compliant and Airbag compatible. It is this vigorous testing that makes our bars perfect for the outback and city streets of Australia. We have been in the industry for many years and look forward to serving you for decades to come.

FALCON BAR

MCC4X4 BULL BARS

Beyond your expectation, it's our design excellence

A Modern fog light design with unique frame insert which incorporates large fog lights and round park and flasher lamp

B Every bar incorporates two CB aerial brackets, welded to the top cross tube. For easy aerial installation

C Winch compatible is standard across the range. Separate winch beds have also been designed to spread winching loads evenly over the vehicle chassis, ensuring the bull bar functions properly in extreme circumstances. Winch bed's available for most models

D Mcc bull bars incorporates Hi-lift jacking points neatly positioned in the center pan sections

E Winch access holes located on top of the center pan area

F Each bull bar upright is cut from a single piece of quality high grade steel that extends from the top tube through the bumper section and forms the mounting plate to the bracket. This ensures the whole outer frame receives the maximum possible support

G Polyurethane overrider for light impact protection

H MCC's mounting systems are designed to spread impact, ADR approved and air bag compliant.

I The split air pan system - ensures the radiator receives greater airflow and further increases the strength of the bar.

J MCC logo - guarantee of high quality and unique design. All MCC products have been designed using the latest CAD/CAM, utilizing the most modern equipment, laser cutters, CNC benders, lathes, welders, and advanced powder coating centers.

** Vehicle Specific Bar Style

NOTE :

D) All side steps and rails design for vehicle with flared wheel arches,

E) Information contained in this catalogue is based on manufacturers' specifications at the time of print. Changes to vehicles or products may occur after this time that may render a certain accessory unsuitable for a particular application.

F) Vehicle model dates contained in this catalogue are indicative, so please exercise caution when ordering accessories if your vehicle's build date falls close to a model change date. If in doubt, please consult with our staff, who can assist with determining the correct product for a particular vehicle.

WARRANTY

MCC 4x4 products come with 1 year warranty. MCC 4x4 warrants the original buyer, only when purchased new via authorized MCC 4x4 resellers and distributors, from date of original retail sale.

Product is warranted against defects in material or workmanship that cause the product to perform below the specified limits set by MCC4x4, to the extent that MCC 4x4 will repair or replace any parts which are found to be defective.

All warranty claims must be submitted via original purchasing store or chain, unless otherwise arranged. Proof of original purchase must be presented upon request.

Products may require to be returned to MCC 4x4 for assessment or repair. Postage and removal costs involved are not the responsibility of MCC 4x4, and may only be considered upon discretion by MCC 4x4 in the event of such claim being verified.

The warrant does NOT apply where,

- 1) Acts of neglect or misuse are evident, 2) Product has been modified, 3) Vehicles which are modified or not the recommended vehicle of use, 4) Used in racing or competition conditions without the prior consent of MCC 4x4, 5) used beyond the expectations of the original vehicle manufacturer.

Before installation of any product, please ensure you have received the correct parts for your application. Ordering of the correct parts is the responsibility of the buyer. Return of a product in an un-used condition will attract a 20% restock fee, where MCC 4x4 is not at fault.

Return of used or soiled product,

- 1) outside warranty period,
- 2) without fault, will result in refusal of your claim and be returned at buyer's expense.

Damage to products through fitment error is not covered under warranty.

FREIGHT CONDITIONS:

Freight of all products is the buyer's responsibility. Where MCC 4x4 have arranged freight, costs involved will be invoiced to the buyer. MCC 4x4 is not responsible for damage or loss during freight.

FITTING:

Any prices quoted may be subject to fitting costs. The price of fitting is determined by the individual fitting agent.
